

Faculty of General Management Science was established in 1985 as the fourth faculty of Udon Thani Teacher College which is now Udon Thani Rajabhat University. The Faculty aims to produce graduates in the field of management sciences through its various Bachelor's degree programs and provide academic services to the community.

The Faculty launches many cooperation projects which involve private business in the area. The cooperation includes professional development trainings and continuing education degree programs for in-service personnel in businesses.

On the research side, research and development within the general management disciplines benefits from the rich resources in the area. Many studies have been conducted in order to apply the sciences to assist maintaining and value-adding these local resources.

Programs of Study (Study at UDRU – Undergraduate – Faculty of Management Science)
